6. Fire Fighting Measures

Extinguishing Media

This product is not flammable. Use fire-extinguishing media appropriate for surrounding materials.

Special Hazards

If heated, toxic vapours may form.

Special Personal Protection Equipment

Self contained breathing apparatus and full protective clothing must be worn in case of fire.

Hazardous combustion products

Product may decompose in fire and liberate oxides of carbon and other unidentified organic compounds.

7. Accidental Release Measures

Precautions

Do not breathe dust.

Avoid contact with eyes. In line with good hygienic practices in the workplace avoid any unnecessary contact with skin.

Protective Equipment

In case of excess of dust wear a filter mask, type P2.

Use suitable gloves and eye protection.

Method of clean up

Collect spilled material in containers. Collect dry powder using a vacuum cleaner or other means where dust is not generated. It is not recommended to wash the floor with water since it would become extremely slippery.

Disposal in accordance with the local legislation.

Environmental Precautions

Do not allow large spillage to enter drains, sewers or water courses. Advise authorities if spillage has entered water course or sewer or has contaminated soil or vegetation

8. Handling and Storage

Bulk Storage

Store at moderate temperatures in dry, well ventilated area. Store in accordance with relevant local regulations.

Bulk Handling

Avoid generation of dust.

Suitable equipment for dealing with spillage should be readily available.

Conditions/Materials to avoid

Extremes of temperature.

9. Disposal Considerations

Disposal should be in accordance with applicable regional, national and local laws and regulations.

10. Transport Information
