QUICKCLEAN: A kitchen surface degreaser and disinfectant to sanitise food contact surfaces including chopping boards, processing equipment and utensils, stainless surfaces and front of house table tops. Ideal for retail catering and food & beverage outlets. Compliant to BS EN 1276 standard for biocidal efficacy with a contact time of 30 seconds. Test Certificate can be found in our Knowledge Area.

Product Name:	MAGIC QUICKCLEAN
Description:	Ready to use kitchen cleaner/ degreaser/ sanitiser
Pack Size(s):	6x750ml
Pallet Size(s):	100
Product Code(s):	1056000

HOW TO USE

MAGIC QUICKCLEAN is used directly from the bottle as a ready to go solution and requires no dilution with water.

Caution: This product should not be allowed to dry onto glass surfaces.

Clean-As-You-Go Hygiene: Remove gross debris. Spray directly onto the surface or equipment. Depending on the degree of soiling allow sufficient time for the product to penetrate the soil. Agitate heavily soiled areas if necessary, then simply wipe away with a clean cloth or absorbent paper to leave a fresh clean surface.

Cross-Contamination Prevention: In food handling areas where there is a risk of cross contamination, we recommend a two stage process as best practice.

Stage 1 Cleaning: Remove food debris then spray directly onto the surface or equipment and allow sufficient time for the product to penetrate the soiling, agitating heavily soiled areas if necessary. Rinse with fresh clean water or wipe down with a clean damp cloth.

Stage 2 Sanitising: Spray directly onto the surface, ensuring an even coverage. Allow a 30 second contact time before rinsing the surface with fresh clean water or a clean damp cloth. Allow to air-dry or dry the surface with a separate clean dry cloth.

SAFETY ADVICE

DANGER Causes severe skin burns and eye damage. Harmful to aquatic life with long lasting effects. Avoid release to the environment. Wear protective gloves/ eye protection/ face protection. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor.

FOR PROFESSIONAL USE ONLY

COSHH STATEMENT

COSHH is a law that requires all employers to take steps to control substances (chemicals) that may cause harm to employees, contractors and visitors to the workplace. Every work environment will be different in terms of the hazardous chemicals that are present, and how these are used, and individual assessments may be necessary to consider how chemicals can be handled and stored safely, in addition to ensuring that appropriate PPE and training is provided for employees. Product MSDS and Product Guidance Sheets are intended to help when carrying out a COSHH assessment, however if further advice is needed with regard to specific issues in your work environment we are happy to provide advice.
