

Crusader Coloursafe Oxy Powder

For industrial & professional use only

High performance powder, removes heavy stains from cotton, polyester & synthetic fabrics.

Suitable on white & coloured fabrics without affecting shade & intensity of colour.

May be used to pre-soak stained fabrics before washing.

- Ideal for use in hospitals & care homes.
- For adding to the mainwash cycle in addition to normal detergent.
- Can be used in hard & soft water areas.
- For best results use in conjunction with Evans CRUSADER LAUNDRY LIQUID.

LAUNDRY MACHINE:

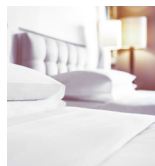

Crusader Coloursafe Oxy Powder should be manually dosed at the following ration per kilo of dry fabric.

	PRE-SOAK	MAIN WASH
NORMAL SOILING	5g per kilo	2 - 3g per kilo
HEAVY SOILING	5g per kilo	3 - 5g per kilo

For optimum results the temperature of the main wash should be 60°C for coloured fabric & 80°C for whites.
