PRODUCT DATA SHEET

Product	GRAFFITI REMOVER
Type	Gelled solvent-type paint stripper supplied in aerosol form.
Intended Use	Strips multiple coats of various paint, varnishes and lacquer from surfaces. Suitable for use on wood, metal, glass and plaster.
Special Features	Non-caustic. Dichloromethane-free. Gel consistency permits effective use on vertical surfaces.
Preparation	N/A
Application	Use appropriate personal protection including gloves and eye protection. Shake tin well and remove cap, carefully holding the tin away from face. Spray on a liberal coat and leave until paint begins to soften or blister, usually within 5 to 10 minutes and test with a stripping knife or scraper. Apply a second liberal coat and ensure that this is worked into the blisters or softened paint. Leave for a further 35 – 40 minutes. Remove the blistered, softened paint with a stripping knife or scraper. If any paint or varnish remains, repeat the process. Use steel wool to remove paint from curved surfaces. Wash down the surface thoroughly with water and allow to dry completely. On wood, white spirit can be used to wash-down to avoid raising the grain. On old paint or very heavy applications Rustins Grafetti Remover can be left on longer to maximise penetration.
Coats	Two liberal coats applied as directed.
Drying Time	Usually within 5 to 10 minutes depending on ambient conditions as directed.
Re-coating Time	Usually within 5 to 10 minutes depending on ambient conditions as directed.
Application Temp.	Ideally between 15 – 25 degrees C.
Coverage	Approximately 5 square metres per litre
Maintenance	N/A
Compatibility	Not suitable on fibreglass, rubber and some plastics. If in doubt conduct small test first.
Settlement	Shake well before use.
Shelf-life/Storage	Store in a cool, dry place with lid tightly closed away from sources of ignition. Protect from frost.
Hazards	DANGER. Extremely flammable aerosol. Pressurised container: may burst if heated. Causes serious eye damage. Keep out of reach of children. Keep away from heat. Hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not spray on an open flame or other ignition source. Do not pierce or burn, even after use. Do not breathe vapour or spray. Wear protective gloves/ protective clothing/ eye protection/ face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTRE/ doctor. Use only outdoors or a well-ventilated area. Protect from sunlight. Do not expose to temperatures exceeding 50C/122F. CONTAINS 1,3 DIOXOLANE. For further details contact Rustins at www.rustins.co.uk
Clean-Up	Some local authorities have special facilities for disposal of waste paints, varnishes or coatings. Do not empty product into drains or watercourses. Clean brushes with warm soapy water.
Sizes	500ml
